Submits for the favourable consideration of the Chief Commissioner some proposals for grants-in-aid.

Chief Comm 20/4

I wish a more detailed explanation of the mode of calculating the grants in particulars referred to in para: 3. The maximum limit is whether the sums paid under the several subheads comprise the pay of teachers. I have been given to understand that, exclusive of the pay of teachers, the salary of the subsidiary establishment amounts to 40 a month B 20/4/69

Offg Secretary to the Chief Commissioner

of Mysore

Sir

I have the honour to submit for the favourable consideration of the Chief Commissioner the following proposals for grants-in-aid, an amount of Rs. 2640 being available from the current year's budget-provision for that purpose, over and above what is already engaged to be spent

2 The following tabular statement, compiled from the Annual returns just submitted to this office, will convey an idea of the present distribution of grants-in-aid, and shew in what direction Government-assistance may most legitimately be extended

expenditure, it the Church of S the Wesleyan and L Missions have the claims to be considered in a new allotment of public money. The enclosed applications from these bodies, noted in the margin,* have not been as yet disposed of. Mr Wright requests an increase to the grant for St. Andrew's School, Mr Hodson sends a list of all the unaided Wesleyan Schools in the hope of obtaining a contribution from Government for their support, and Mr Rice appeals for assistance on behalf of the London Mission Institution. Applications from native schools I have thought it necessary to forward as they are in the vernacular.

4 After consideration of each case on its own merits and with reference to the funds at disposal, I venture to submit the annexed list of proposed grants for the sanction of the Chief Commissioner, making up an aggregate of Rs. 25-5-6 per annum.

	Monthly		
St Andrew's School	40	480	
Wesleyan Mission Schools	40	480	
London Mission Institution	50	600	
† Literary Institute	50	600	
Vernacular School. Echimpulli	3	36	
" " Kulyundroog	10	120	
Madrasa Murfid ul Nisvan	20	240	
		Rs 2556	

St Andrew's School - increase from Rs. 200 to Rs. 240 a month or at the rate of 20 per cent. I understand that the school just pays its expenses and this amount will therefore satisfy present wants. Although the sum named in Mr Wright's application is far larger

ances of the school have recently been placed on an altered footing so as to be more at the disposal of the Committee, and I have reason to know that Rs. 50 a month is all the increase now expected.

Wesleyan Mission Schools. Rs 40 a month. This amount I would recommend to be given to the vernacular boys' Schools in the Petta of Bangalore and in Mysore, Rs. 20 in each place. I have in the course of inspection at different times visited these schools and found them very largely attended and on the whole well taught for schools of that description.

London Mission Institution - increase from Rs. 100 to Rs. 150 a month. This institution with its branches in the Cantonment and Ulsur contains 338 students all natives, the two latter being the only Anglo-Vernacular Schools in their respective neighbourhoods. All are provided with efficient teachers and are evidently doing much good. They are among the oldest Schools in Bangalore and fully deserving of Government assistance.

Literary Institute - Rs. 50 a month. Though not a school this is an educational institution, and is exerting a good influence upon the class of young men who have left school and are employed in public offices. The library and reading room are regularly supplied with the best periodicals and literature that the funds will procure. The number of members is well maintained at a little over 100 and the monthly income is about Rs. 120. I would especially commend the proposal for this grant for

the

the Chief Commissioner's
the stability of the Institute may be ensured
diffusion of knowledge may be promoted in
portant section of the community by the
of a good library of modern works.

Hindustani School, Echimpalli - increase from Rs 7 to Rs 10 a month. This school, attended by sons of Silladars in the Mysore Horse, has been well conducted for a long time past and is pronounced by the Sub. Deputy Inspector the best of the smaller Hindustani schools.

Hindustani School - Hulyurdroog. Rs. 10 a month. The applications from this school have been unceasin and hopes of assistance were held out to it as the school was well reported of. Your official Memo No. 161 of the 31st ultimo forwarded the latest correspondence on the subject.

Madrasa Mujid ul Nisvan - Rs. 20 a month. This is a Mahomedan Girls' School established in the Pete of Bangalore and containing about 90 pupils. It was first opened 8 months ago, that the question of control became involved in dispute between the Managers and the London Mission. Though the latter retained possession of the premises by a legal decision not a single girl would come, and the missionaries have for the last three months given up the building to the other party and left the school entirely to the native who have carried it on with fair success all along.

I have reason to believe that the dis-pute arose entire
ly of a misunderstanding. Until convinced of this
I declined to visit the school, or countenance it in

not wishing to be [illegible]y to the alleged deception
side of the Muhomedans. I have now inspected it
and found the most advanced girls able to read from
the Talim numah, and to write down easy sums.
and sentences. Embroidery is practised very success-
fully and the making of artificial flowers, which
however bear only a distant resemblance to nature.
Some of the girls are very sharp and intelligent in
appearance. Two carts go about all day bringing
the pupils to and from school. I think with proper
supervision it may be the means of conveying
wholesome instruction to the hitherto utterly neglected
Mussalman females of the petta.

6 Did the funds permit I would have proposed assist-
ance to more of the Wesleyan Vernacular Schools,
and to the London Mission School at Madoor, but
I believe that selection has been made of the
most deserving institutions. The establishment
of Noble Schools renders it of less importance
than before to help the small Mission Schools
in country villages.

Sir,

I have the honor to annex a Minute by the Managing Committee of St. Andrew's School, and beg you to submit the same for the favorable consideration of the Offg Commissioner.-

2.- The Committee solicit an increase to the grant in aid already made by Government to the School.- They are necessitated to do this from the greatly increased expenses. When the original grant was made, there were about 40 Boys in the School, and 3 Teachers. Now the number of Boys is over 80 and there are 5 Teachers, besides Drawing Master, and Drill Sergeant. We are likewise obliged to rent an additional Bungalow. The

Tuition

Tuition Fees, at present received, amounting to Rupies 390.-.- together with the grant in aid from Government of Rs 200.-.- do, certainly meet the monthly current expenses of the Day School, but that is all. We are left nothing for contingent Expenses, and moreover our Junior Teachers do not receive sufficient remuneration to make it worth their while to stay with us.- Consequently the School suffers, when the Teachers leave, just as they are becoming more efficient, at the work

I feel assured that from the above mentioned reasons, the petition I have now the honor of forwarding, will receive from Mr. Saunders the Offg Commissioner his favorable recommendation.

I have the honor to remain &c

Sir,

1. I have the honour to enclose the Annual Returns of the London Mission Institution, and its branches; also of the Unaided Schools of the London Mission; together with the Ecclesiastical Returns of the Mission

2. In order to keep the Returns of the Central Institution and its two branches distinct, I have in the Tabular Statement divided the Government Grant of 100 Rupees a month into three parts, allotting Rs 50 to the Pettah School, Rs 30 to the Cantonment School, and Rs 20 to the School at Alsoor.

3. While returning our grateful acknowledgments for the aid already afforded by the Government, allow me to direct attention to the fact that the cost of these schools during the last year has been Rs 726 more than the receipts. The deficiency has been temporarily supplied from another fund which is not likely to be again available. You that, apart from the urgent necessity which exists for enlarging one of the buildings, and increasing the Salaries of the Teachers, we are likely to have difficulty during the coming year in meeting the current expences of the schools, unless further aid can be obtained from the Government

Sir

In reply to your docket Genl No 391 Edl No 1 of the 21st instant I have the honour to state that the pay of teachers is unquestionably included in the return of private expenditure made by the manager of each grant-in-aid School That this had been done in the case of the Catholic Orphanage I concluded from the subjoined remarks attached to the return, but to remove all doubt in the matter I wrote to the Rev. Mr Clemot to inquire and beg to enclose his reply for the Chief Commissioner's perusal. It may be well to explain that in addition to the grant from the Mysore Government, this institution receives an allowance from the Madras Government of Rs. 7 a head per month for each military orphan, and that expenses met therefrom do not appear in the returns made to this Office.

"The superior of this institution availshimself of this opportunity to return to Government his thanks for the increase of grant-in-aid sanctioned in October 1868. Owing to this favor of Government the scanty salary of the 6 teachers and one Canarese Munshie has been at-once proportionally increased, and a 2 Canarese Munshie admitted

One of the next operations of the superior shall be the renewing and improving of the school furniture up to this time rather miserable and insufficient."
